SUMMARY

Motivated BSc Computer Science student with a strong understanding of core programming concepts and web development basics. Proficient in Java, HTML, CSS, and JavaScript. Looking for opportunities to apply logical thinking and coding skills to real-world technical projects while growing professionally.

PROJECTS

Rx-Minder App

- Developed a web application that allows users to set reminders for taking medications, using the browser's local storage (no backend).
- Features include adding medicine name, dosage, and reminder time, and showing notification alerts when it's time to take the medicine.
- **Technologies used:** JavaScript, HTML, CSS, Web Storage API (localStorage).
- **Live version:** https://medreminders.netlify.app/
- **Role & Contribution:** Designed and implemented the entire frontend, built logic for scheduling reminders and managing data in local storage.
- **Impact:** Demonstrates capability to build a full-fledged web app with persistent data storage purely on the client.

EDUCATION

Bachelor of(B.Sc-CS)   **CGPA: 7.27 (Sem 1), 6.86 (Sem 2) 8.45(Sem 3)**

Sanpada College of Commerce and Technology, Navi Mumbai
Higher Secondary Certificate (HSC) – Maharashtra Board   **Completed: 2024**
Percentage: 50.17%

N.M.M.C. School No:111 School, Navi Mumbai
Secondary School Certificate (SSC) – Maharashtra Board   **Completed: 2022**
Percentage: 74.00%

SKILLS

Languages: Java, Python
Web Development: HTML, CSS, JavaScript, React
Database: MySQL (basic)
Other Skills: Problem solving, Data Structures and Algorithms
Tools & Platforms: Git, GitHub, VS Code
